

The A-Z of b&d

with
Shane Jacobson

The A-Z of B&D in a nutshell

There's a lot to chat to your B&D consultant about. They're the pros so ask them any questions you have. In the meantime, let them make things simpler for you with a little summary of The A-Z of B&D. Things to consider for yourself, questions to ask, and also - how you could score a \$5,000 voucher!

Firstly, there's 1 of 8 \$5,000 vouchers to win.

If you purchase any B&D garage door before September 15 you could win 1 of 8, \$5,000 vouchers. Make sure you visit AZBnD.com.au and enter the competition before the cut off date of September 15. You'll need your invoice.

You can choose from a Flight Centre, JB-Hi-Fi, Freedom, Bunnings or a pre-paid Visa voucher.

Trust B&D

Did you know, B&D invented the Roll-A-Door®?

B&D have been mastering and innovating garage doors for over 60 years. They've learnt a few things along the way.

Get a B&D showroom to your driveway

If you can't get to a showroom, have the showroom experience come to you.

Visit AZBnD.com.au or call 13 29 68 and the entire B&D showroom experience will come straight to your driveway.

You'll be able to speak to a B&D consultant one-on-one and explore the range on offer. Including physical samples, see and touch working doors and openers.

*Available in selected areas

10 Year Warranty

Ask about the warranty.

B&D mean business and will have your back for 10 years if you buy a B&D garage door and B&D opener together. Shop around, that's pretty hard to beat.

Call 13 29 68 or visit AZBnD.com.au

Choosing the right design

One of the hardest parts is choosing the right design for you.

Your garage door may account for up to 40% of the facade of your home. That's huge! So making the right choice is important. Do you want a roller or sectional style? Timber finish or a colour to suit your existing facade? B&D can make this easy, fun and simple for you.

Here's a tip:

There's a handy garage door visualiser over at bnd.com.au

There you can upload a photo of your house and browse through their different types of doors, designs and colours.

Very handy and may avoid a few arguments.

Home Safe Home with B&D

Ask your consultant about safety and security features that suit your lifestyle

Consider some doors come standard with safety features. Like the Panelift® Icon™ range, which comes with Auto-Lock - adding extra security and protection to your home.

But if you've got a specific door in mind, there are lots of extras you can add on, like Safety Beams, Smart Phone Control or even back up batteries for blackouts.

A little tip on pricing

At the end of the day everyone has a budget.

If you've never bought a garage door before (and that's fairly common) then you probably have no idea where to start with a budget.

Every garage door is custom made for each home, so it's not the easiest answer to give. But here are some ballpark prices for a 2 car garage to get you started.

A Roll-A-Door® is generally the cheaper option, but comes in some great contemporary finishes. Which won't look 'budget'. Factor in \$2,000 - \$3,000.

A Sectional Door offers the widest range of designs and finishes. So Like Panelift® or Panelift® Icon™ you'll be sure to find a design that suits your home. Factor in around \$3,000 - \$4,000.

Auto Lock Security

How It Works - Every time you close your garage door Auto-Lock sends a heavy duty bolt through the guide rail helping to prevent thieves from being able to force it up and open - all without the need for a key.

Auto-Lock comes standard on B&D® Panelift® Icon™ Sectional Door and is available as an optional extra on B&D® Panelift® Sectional Doors and StormShield Sectional Doors.

Can it be installed on existing compatible B&D Doors? Yes.

Auto-Lock can be installed on many existing sectional doors but must be coupled with a compatible B&D automatic opener.

Mobile Phone Control

Adding Smart Phone Control let's you monitor and operate your door from anywhere.

Yep, anywhere. It's a feature that gives you extra peace-of-mind, as well as convenience of operating your door when you need to. It can be added to most B&D openers as an accessory.

You may be wondering...

How do I arrange a consultation for my house?

It's simple, just phone us on 13 29 68 and we'll organise for a consultation at a time convenient to you.

I want to replace my old door, but don't know how to dispose of my old one. Will my B&D dealer take care of that?

Most dealers will take your old door away after the new door is installed for a small additional fee. Discuss this with the consultant when you get your estimate on your new door solution.

Are all door sizes available?

Yes. B&D makes residential doors in widths beginning at 1200mm up to 6600mm, and heights ranging from 1800mm up to 3900mm. We can make any width in between, in five millimetre increments. (Note - not all models available in all sizes).
